About the Project

Golden Lync Management LLC and I, #LuchaLit Lince Dorado, always wanted to tell the real story of my life, the person behind Lince Dorado. For over 15+ years, fans globally have known the mask luchador only as such, but, through this documentary, audience across the world will get a little insight in the real life of the world-renowned luchador.

The project consists of sit-down interviews, never-before seen footage and photos, action, and drama and more that show the man behind the lucha libre mask. Travel on the road with #Luchalit as he continues to dazzle audiences across the world in 2023. Head back home with Lince Dorado to get an insight of his real life outside the ring.

Documentary will be translated in multiple languages.

Tentative release date May 11, 2024.

After just finishing his match, #Luchalit Lince Dorado gives advice to a younger wrestler about his match.

Transparency What Does Your Sponsorship Cover

Golden Lync Management LLC and I, want full transparency on all things related to this project. Being a part of my Discord allows for constant updates, previews, and more. With your sponsorship, this project becomes easier and more fulfilling since my team and I won't have to worry about the little things that add up thanks to your help. For example, your sponsorship will not only help fund my documentary but will also cover food on the road, gym membership, gear for the 2023-year, custom tracksuit for travel, equipment for promos and videos, new merch for the 2023 year, and website expenses, just to name a few of our yearly wrestling expenses.

Project Roadmap

My team and I will start filming in Philadelphia January 7th as part of the MLW taping! An entire year of traveling the world will be documented. As 2023 comes to end, we will wrap up production and start the hard part, editing! I want the world to celebrate my **birthday May 11th, 2024, as the release of my documentary!**

Thank you for your time and look forward to speaking with you!
